## OBJECTIVE

---

MERN Stack Developer and Computer Science student at MAIT with hands-on experience in React, Node.js, and MongoDB, along with strong DSA skills. Seeking opportunities to build scalable, user-focused applications.

## EDUCATION

---

**Maharaja Agrasen Institute of Technology**, Delhi 2023–2026  
B.Tech in **Computer Science** — *CGPA: 7.673*  
**Relevant Coursework:** Data Structures and Algorithms, Object Oriented Programming, Operating Systems, Database Management Systems, Computer Networks

## PROJECTS

---

**MegaMart – Full-Stack E-commerce Platform** [*React, Node.js, Express, MongoDB, Tailwind CSS*]  
A full-stack MERN e-commerce application delivering a seamless and responsive online shopping experience. The platform features a dynamic React frontend, a robust Express.js RESTful API, and secure, token-based user authentication using JWT and bcryptjs. Key functionalities include multi-category product catalogs, real-time shopping cart management, and secure user registration and login.

**Job Portal Backend** [*Node.js, Express, MongoDB, JWT, REST APIs*]  
Developed a scalable backend for a job portal platform enabling role-based access for job seekers, recruiters, and admins. Implemented secure user authentication using JWT, and designed RESTful APIs for job posting, application tracking, and user management. Integrated MongoDB with Mongoose for efficient data modeling and optimized queries. Configured error handling and validation middleware to ensure robust API responses.

**Task Manager – Task Management App** [*React, Node.js, Express, MongoDB, CSS*]  
Built a full-stack task management application with features to add, edit, delete, and track tasks. Implemented color-coded statuses, and task statistics. Designed a responsive UI using custom CSS and Axios for API communication. Configured backend with Express and MongoDB for CRUD operations

## TECHNICAL SKILLS

---

**Languages:** JavaScript, C++  
**Frontend:** HTML, CSS, React, Tailwind CSS  
**Backend:** Node.js, Express.js, MongoDB  
**Tools & Technologies:** Git, GitHub, VS Code, Postman, Vercel, REST APIs, SQL  
**Familiar With:** Java, Python  
**Soft Skills:** Team Collaboration, Quick Learner, Communication, Problem-Solver, Time Management

## ACHIEVEMENTS

---

**Solved 450+ DSA problems** on platforms including **LeetCode (350+)** and **GeeksforGeeks (100+)** — strengthened problem-solving skills and proficiency in core computer science concepts  
**Finalist — BUILD WARS Hackathon, E-Summit 2025 (MAIT)** — collaborated in a team of 4 to develop an innovative tech solution under time constraints  
**Secured Rank-30 (Top 2%)** in IPU-LEET 2023 Entrance Exam for B.Tech

## CERTIFICATES

---

**Web Development** Course — Udemy by Hitesh Choudhary [Certificate](#)  
**Data Structures and Algorithms (C++)** — Certificate of Excellence, Coding Blocks [Certificate](#)
